

Colton Elder

Intern

Agronomy – Pasture and Rangeland Weed Management

My name is Colton Elder and I am from Lake Wales, Florida. I am a senior at Warner University where I am pursuing my bachelors of arts in agricultural studies. I plan on graduating from Warner in the spring of 2020.

I had the opportunity to work with Dr. Brent Sellers as an intern from May 2 to August 1, 2019. I had the chance to get a feel for the research side of the industry. It was an amazing experience that really helped me grow and I am happy to look back on it as I return to school to finish my last year of undergrad studies.
