Pasture walk

Sponsored dinner

Troublesome weeds: Smutgrass, Cogongrass and Tropical Soda Apple.

Integrated Pasture Weed Control Methods

The UF/IFAS Extension Hardee, Highlands and DeSoto Counties invite you to the Range Cattle Research and Education Center for an evening of learning about pasture weed control. We will be discussing how to identify, assess and treat problem pasture weeds in our area.

- Pasture walk
- Sponsored dinner
- Troublesome weeds: Smutgrass, Cogongrass and Tropical Soda Apple.
- Integrated Pasture Weed Control Methods
